

TEAM: Safety Team

ROLE: Member

PURPOSE

Antioch Community Church Dallas has been fortunate. We have not had a major crisis or emergency to date that was not handled expeditiously. However, moving forward, there is a need for greater safety measures to ensure that potential threats or hazards do not disrupt the flow of ministry or threaten the lives of those in our community. Our first line of defense is God and his covering. Amen! Believing that safety is unnecessary, however, is an error and places the people who come into our facility at risk. An effectively trained safety team working with designated staff members helps ensure a proper response to a variety of scenarios.

VALUES:

- Prepare and maintain a safe worship environment within our new church building.
- Protect and serve our people.
- Protect our leadership.
- Blend in and be welcoming and friendly while also keeping watch.
- Always de-escalate situations with a calm but confident presence.

QUALIFICATIONS
